Emergency & Disaster Preparedness

July 2022

ST. JOHN'S

Emergency & Disaster Preparedness

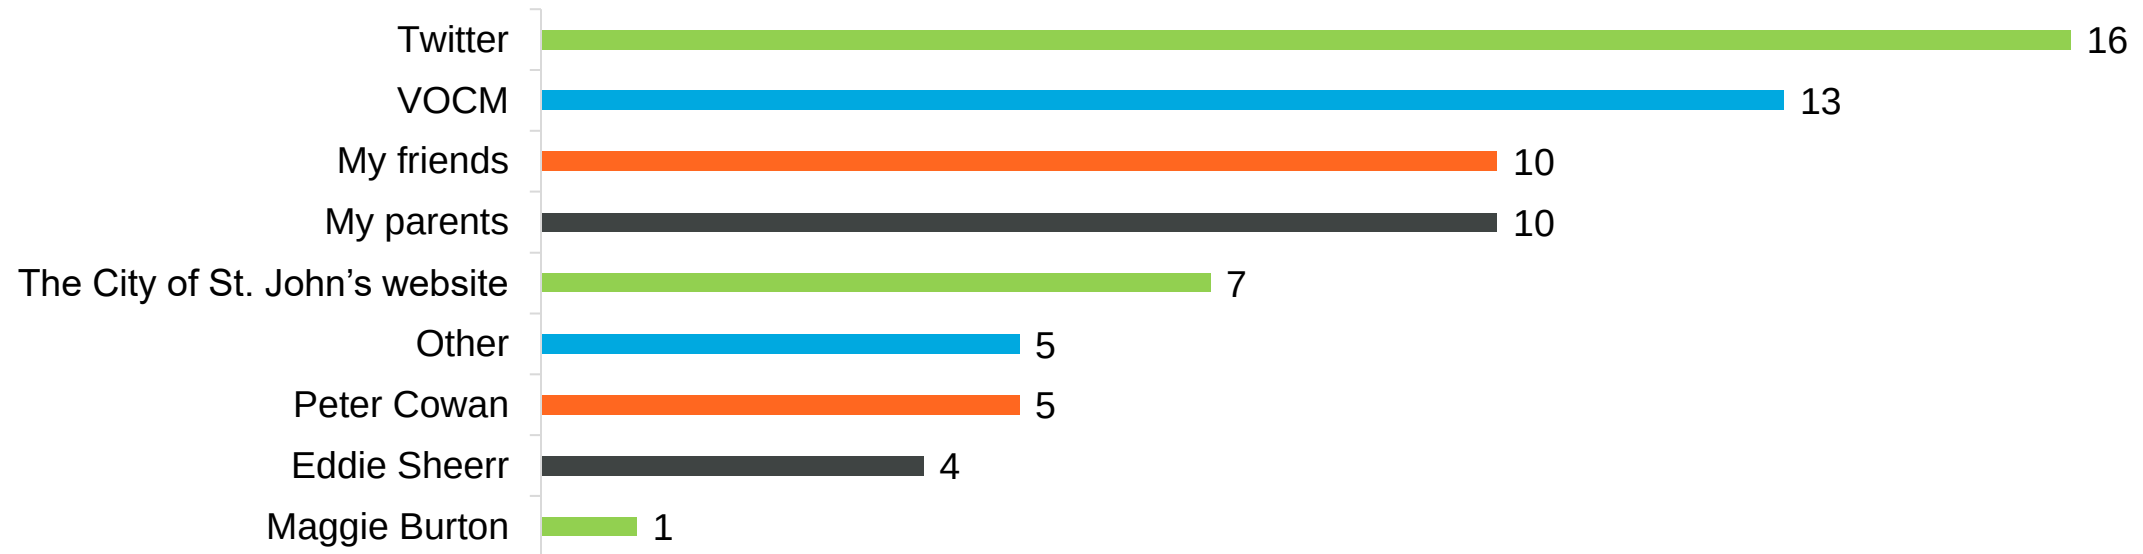

2022 Hurricane season runs from June 1 to November 30 and this year is forecasted to be greater than normal.

The City of St. John's, in partnership with The Canadian Red Cross, wants to learn more about the youth perspective on disaster/emergency preparedness.

Responses will be used to inform our disaster/emergency preparedness programs and education based on what is important to youth in the City's response to an emergency or disaster.

Emergency & Disaster Preparedness

Where and/or to whom do you go for official information about a public emergency or disaster? We included some individuals identified as potentially popular sources of information in the youth demographic (select all that apply):
